
Developer name: - Dipak Sinh
Project name: - Learner's Academy
E-mail Id: - singhdk.singh68@gmail.com

Software used in project: -

Operating system: - Windows 11 Home
Processor: - AMD Ryzen 5 5500U
Language: - Java 18
JSP: -3.0
Servlet: -5.0
MySql: -8
Server: - Tomcat 10.0.23
Eclipse IDE Version: - Version: 2022-06 (4.24.0)
Microsoft word: - 2019 Home & Student

Objective: - This project is created for backend administrative portal for the Learner's Academy. This is a website where admin can login and access all the pages related to teachers, students, classes and subjects.

I've done the above project as per my best effort, but more than the given duration. Used software while creating this project is mention above. Also, what we have done in this project as per the need of Learner's Academy is also mention above.

Please give your proper input for this project.
Thank you so much.
